Assignment 1

Question 1: Write a complete C++ program with the following output:

Hello world!
 Hello

(Notice the newline after ! and a space before the second "Hello")

Question 2: Write a welcome page for this class that looks like the following:

```
*******************************************
Hello Name!
Welcome to CSCI-111!!!!!
It is great to see you!
*******************************************
```

where name should be the user's name.
